

Coding table

QUESTION	ANSWER	AXIS	CODE
Q7 Scope (the gate)	Intra-organizational	Application area	in-house
	Same industry, or cross-industry	Application area	cross-company
	Not sure / not decided yet, or left empty	Application area	average of Q11 and Q12; both columns stay open if that average is 0. Q7 is named as the question that would settle it
Q10–Q16 taken together	Majority of the answered questions on the complex side	Governance	+1 federated
	Majority of the answered questions on the settled side	Governance	–1 centralized
	Equal numbers on each side, or none of the seven answered	Governance	0
Q24 Data ownership	Transferred (rights of use pass to the receiver)	Governance	–1
	Sovereign (the provider keeps control)	Governance	+1
	Shared (held in common)	Governance	0
	Not sure / not decided yet	Governance	0, and the question is named as one that would settle the result
Q25 Allocation of decision-making authority	A central unit (decides for data it does not own)	Governance	–1
	Decentral units (each party for its own data)	Governance	+1
	Both (a joint body sets common rules, each party decides within them)	Governance	0
	Not sure / not decided yet	Governance	0, and the question is named as one that would settle the result
